*The ABW Masterclass is the answer to today's crisis of how women are searching for a way to daily live out the dreams and desires of their hearts while still having peaceful and balanced lives. It is a course that concretely teaches you not only how to be a woman who has a life of freedom and fulfillment, but also one that has the ability to radically impact the world by turning the desires of her heart to reality.*

SARAH

*In just 2 months of the ABW Masterclass, I've noticed radical changes in my daily life. I go to bed looking forward to waking up, I'm motivated to set aside time to learn, I've obtained the skills of prioritizing and delegating. I've dramatically decreased my stress, I've become convicted about my worth, I've found inner peace. I've enjoyed the gift of relationships more than ever, I've experienced freedom I had before thought was impossible.*

*I've finally allowed myself to dream and can already see the dreams growing. I value my time and I can't help but hope all women can experience this bright light January is shining in the world that so needs it.*

CLARE

*After only the first five week of immersing myself in the ABW Masterclass, I can't believe the inner and outer transformation manifesting in my life! With January as my guide my initial feeling of anxiety and paralysis due to lack of clarity around my dreams have been replaced by abundant energy, clarity and a clear road map on how to manifest my gifts and deepest desires. Rather than waking with a feeling of dread, I can't wait to get up to study and work towards my dreams each day!*
